SOLAR POOL COVER RANGE

IDEAL FOR: Outdoor pools

Heat your water with the sun | Insulate and save heat loss | Stop evaporation

The most popular and easy to use is the Solar Pool Cover. These are bubble-style covers that let the sun heat your pool water by up to 8°C and retain heat by insulating your pool overnight.

The natural heating and insulating saves you energy while also stopping evaporation.

These covers are perfect to use on all pools, especially when the sun hits the cover, helping you gain maximum benefits.

- SAVE** on time. Rolls off and on in 30 seconds.
- SAVE** on heat loss. Reduced heating costs and heat loss.
- Warms your pool by up to 8°C for free.
- Australian Made.**

THERMOTECH FOAM INSULATION COVER

IDEAL FOR: Pools that don't see the sun

High insulating cover | Great for indoor pools | Save on heating costs | 8 Year pro rata warranty | 4.5mm

The ThermoTech™ range is a high insulating cover ideal for both indoor and outdoor pools that primarily want to retain heat and reduce the energy costs of heating a pool with an external heat source, i.e. a heat pump, allowing you to save on energy costs and stop evaporation.

These covers are great in cooler climates where heat loading is greater, and are generally used indoor and overnight.

BENEFITS OF A THERMOTECH FOAM INSULATION COVER

SAVE on heat loss. Reduced heating costs and heat loss.

SAVE on water, up to 10,000L per month. Improves water retention.

SAVE on cleaning. Helps keep out dirt and leaves.

SAVE money. Higher quality. Better design. Lasts longer.

SAVE on chemicals. Reduce salt and chemical use by up to 50%.

SAVE on time. Rolls off and on in 30 seconds.

STOP evaporation. Reduces evaporation by 99%.

Australian Made.

WINTERKLEEN LEAF COVER

IDEAL FOR: Pools with high debris

Mesh cover saves cleaning time | Great for windy or leafy areas | 8 Year pro rata warranty

WinterKleen pool covers are the ideal choice for pools that experience excess garden and leaf debris. These pool covers are installed over your pool so that any debris that falls onto the cover collects, blows off or is easily swept away. Water passes through but debris and dust stay out. WinterKleen covers work well in conjunction with a Solar Pool Cover to use during the off-season. Reducing evaporation and saving cleaning time, these covers are ideal for pools that have a high debris load.

BENEFITS OF A WINTERKLEEN LEAF COVER

SAVE on cleaning. Keep out dirt and leaves.

SAVE on time.

SAVE on evaporation. Reduces evaporation by 80%.

Australian Made.
